

# Kiwacal

**Non-Reflective Sheeting  
& protective Overlay Films**

## Kiwacal Fluoride Film

Kiwacal Fluoride Film is a superior overlay designed to allow electronic cutting to create guide signs and coloured sign faces on regular white base signs.

Kiwacal Fluoride Film has great durability that will match the host sign, up to 10 years. It allows you to minimise your inventory and inventory value by only keeping on hand the base sheeting and the coloured overlay you need.

- Outstanding durability: 10 years outdoors
- Electronically cuttable
- Suitable for High Intensity reflective, Engineer Grade reflective and most other sign vinyls
- Available in: 1240mm x 50m rolls
- Colours: yellow, red, blue, moss green, brown and black (opaque).
